## DECORATION

The spaces at the gallery are designed to be the perfect backdrops for coloured lighting, floral displays, slide shows and bunting. We have a list of contacts available who can the tailor the spaces to your theme.

## Wedding Reception

Modern Art Oxford is both an internationally renowned contemporary art gallery, and a charity working within the local community.

Once our visitors have left the space can be yours until as late as 3am.

Converted from a brewery complex in the mid 60s, it is the best example of a post-industrial venue in the city, and the perfect place to keep the party going.

### THE CAFÉ

A wide and welcoming space with Oxford-made ironwork and a sealed concrete floor ideal for dancing.
